Are you interested in learning how to sew and quilt? Even if you have never sewed before or you have been sewing for years, let a SPIN club take you to the next level. A SPIN (Special Interest) Club offers kids a new way to explore topics that interest them.

SPIN Clubs focus on a single topic. They’re a great way to introduce kids ages 8-18 to a specific hobby or interest they might not otherwise have a chance to develop. In a Sewing/Quilting Spin club we provide the sewing machines and other supplies, screened and trained volunteers, everything you need to get started. All of this is provided to you for a $20 annual fee.

All it takes to start a SPIN Club is one or more caring and knowledgeable adult(s) ... at least five young people with an interest in the topic ... and a willingness to meet as a club at least six times over the course of a year. Beyond those six meetings, SPIN Clubs require no long-term commitment. SPIN Clubs are affiliated with the 4-H Youth Development program, but no prior experience with 4-H is needed.

Adults and young people often have a limited amount of “free time” for hobbies and other interests. So SPIN Clubs meet whenever and wherever they want.

Come join Becky Billman as she shares her knowledge and passion of sewing and quilting with this new club. This club will be starting soon, do not miss this opportunity. Call today!

While the SPIN Club’s adult leaders provides expertise and guidance, the Club members take an active role in planning and running their own activities. Through their SPIN Club experiences, kids develop a sense of belonging, independence, generosity and mastery — and most of all, they have fun learning new skills!

County 4-H Staff and Youth Development SPIN Educators serve as resource people for youth or volunteers who are involved in a Spin club. Extension Staff work to ensure that everyone has a positive and successful SPIN Club experience.
