WRDA 2007
A Seven Year Quest

Claudia Emken, Associate Director of Conservation
The Nature Conservancy in Illinois
Necessary Changes for TNC (Spunky Bottoms)

- (b) Modifications-
  - (1) IN GENERAL- Subject to paragraph (2), notwithstanding the limitation on the expenditure of Federal funds to carry out project modifications in accordance with section 1135 of the Water Resources Development Act of 1986 (33 U.S.C. 2309a), modifications to the project referred to in subsection (a) shall be carried out at Spunky Bottoms, Illinois, in accordance with subsection (a).
  - (2) FEDERAL SHARE- Not more than $7,500,000 in Federal funds may be expended under this section to carry out modifications to the project referred to in subsection (a).
  - (3) POST-CONSTRUCTION MONITORING AND MANAGEMENT- Of the Federal funds expended under paragraph (2), not less than $500,000 shall remain available for a period of 5 years after the date of completion of construction of the modifications for use in carrying out post-construction monitoring and adaptive management.
- (c) Emergency Repair Assistance- Notwithstanding any modifications carried out under subsection (b), the project described in subsection (a) shall remain eligible for emergency repair assistance under section 5 of the Act of August 18, 1941 (33 U.S.C. 701n), without consideration of economic justification.
Necessary Changes for TNC (Emiquon)

- (a) Maximum Amount- The **maximum amount of Federal funds** that may be expended for the project for aquatic ecosystem restoration, Emiquon, Illinois, being carried out under section 206 of the Water Resources Development Act of 1996 (33 U.S.C. 2330), shall be $7,500,000.

- (b) Limitation- **Nothing** in this section shall affect the **eligibility of the project for emergency repair assistance** under section 5(a) of the Act entitled `An Act authorizing the construction of certain public works on rivers and harbors for flood control, and for other purposes` approved August 18, 1941 (33 U.S.C. 701m).
