The **Leadership Academy** was developed by University of Illinois Extension in partnership with **United Counties Council of Illinois** (UCCI) to provide leadership training on issues important to elected and appointed county officials. For anyone seeking to manage and lead more effectively, the Academy offers a learning network and cutting edge information.

The **curriculum** is designed for county officials who want to explore new ideas and learn practical responses to current issues, challenges and opportunities. The five instructional sessions allow participants to *learn, share, and apply* on a variety of practical and pertinent topics. The final event is the graduation ceremony and dinner held October 25 in Springfield.

Requirements: Participation at no fewer than four of the five instructional sessions is required, and participants must complete an evaluation. Graduates will receive a certificate from the University of Illinois, and will be recognized at a ceremony and dinner at the Abraham Lincoln Presidential Museum in Springfield.

Participation: There are no fees for meals, materials, or lodging, but you must apply to participate. Participation is limited to 30 individuals. It may be necessary to limit participation to one or two individuals per county.

"The information allowed me to be more connected to other elected officials and gave a macro/micro understanding of their roles. The trending information that the Leadership Academy provided was very current and beneficial for where we are in government."
