Note: This class requires an extra charge of \$3 to cover materials. Please bring a hammer.

Vet Tech **Class Limit: 10**

Instructor: Ann Johnson

Description: Ages 8 & up. Do you like animals and want to learn how a vet performs animal checkups? Using a dog, you will learn how to perform a physical exam to determine the health of a pet. We will then use those new skills on case to determine what is ailing a patient.

Note: This class is also offered in Session 2. DO NOT register for both.

Edible Animals **Class Limit: 15**

Instructors: Carol & Rachel Perrin

Description: Ages 8 & up. Don't miss a chance to play with your food without getting in trouble! Together we'll make edible creatures to both taste and take home.

Eggs-periments Galore! **Class Limit: 15**

Instructor: Polly Stache

Description: Ages 8 & up. Try your hand at a few scientific experiments using eggs that are both fun and useful!

No Sew Pillow & Blanket (2-part class) **Class Limit: 16**

Instructor: Krista Keene & Michelle Marck

Description: Ages 8 & up. Make a simple, cozy fleece blanket and pillow. This class spans 2 sessions. You must also select it for the 10:40 time slot.

Note: You are responsible for purchasing the fleece material for this session! You will need 1 yard each of a patterned and solid fleece, plus an additional ½ yd. of the same pattern fleece for the pillow (or the solid fleece if you prefer a solid-colored pillow). Please also bring sewing scissors if possible. We will provide the pillow form.

SESSION 2 CHOICES:

Robot Construction **Class Limit: 10**

Instructor: Adam Boyer

Description: Ages 10 & up. Learn basic building skills to make a homemade robot, using household and a few store-bought items. Please note the age limit for this class.

Vet Tech **Class Limit: 10**

Instructor: Ann Johnson

Description: Ages 8 & up. Do you like animals and want to learn how a vet performs animal checkups? Using a dog, you will learn how to perform a physical exam to determine the health of a pet. We will then use those new skills on case to determine what is ailing a patient. **Note:** This class is also offered in Session 1 so DO NOT register for both.
